Date and Time Picker

Date and Time Picker

- For date fields, there is an option to show a calendar to easily input date values.
 - By clicking the calendar icon, a calendar will pop-up below the input field.
 - There is also an option to change the view by Months by clicking the current month on top of the calendar.
 - And an option to change the view by Years by clicking the current year on top of the calendar

Date and Time Picker

- For date and time fields, there is an option to show a calendar and a time picker.

1. A clock icon will display below the calendar.
2. Click the arrow icons to adjust the time.
3. Alternatively, the time picker can be expanded by clicking the hour or minutes fields
