

## Official Advisory of Mindanao Container Terminal

01/27/2023

ADVISORY NO. 2023-002

To our Valued Shipping Line Partners,

In relation to the implementation of the Online Payment System (OPS), MCT will also be implementing the Booking Module in the pre-advise system on **January 30, 2023**.

This is a process where the shipping line will create a booking number in the Navis N4 system. The booking number specifies the appointment for the container before getting inside the terminal gate. In addition, this implementation of the booking system will help track hazardous cargoes and other shipments with special stowage requirements.

Attached is the booking module manual for your guidance and your respective user credentials are provided in a separate email.

[Booking Module Guide](#)

For your related concerns, you may contact our support group through [mictsiOPERATIONS@mictsi.com](mailto:mictsiOPERATIONS@mictsi.com) and [mictsiIT@mictsi.com](mailto:mictsiIT@mictsi.com).

Thank you very much.

**MCT MANAGEMENT**
