

Dear Valued Customers,

Please be informed that there will be a server patching activity on December 21, 2300H to December 22, 0200H, as part of the regular system maintenance of NAVIS N4.

Due to this activity, we will shift to manual processing for gate-in transactions during this period and the Online Payment System (OPS) will be temporarily unavailable. Rest assured that full operation will resume afterwards.

We highly encourage our valued customers to plan their container withdrawal transactions to ensure continuous and unhampered operation at the port.

Thank you for your usual support and understanding.
