

MCT OPERATIONS STATUS UPDATE

Dear Valued Customers,

We hope everyone is safe and well following the earthquake in General Santos City, which was also felt in other areas, including Cagayan de Oro (CDO) and Tagoloan. As part of our standard safety procedures, MCT promptly conducted inspections of its facilities and equipment following the event.

Please be informed that MCT operations **remain fully operational and unaffected** by this event. There has been no disruption to terminal activities, and all operations continue as scheduled.

We assure all stakeholders that **safety and operational continuity remain our top priorities**. Any developments affecting operations will be communicated promptly.

Thank you,
MCT Management
